

Markham-Unionville

Thanks everyone for your support in the distribution of our complimentary Canada flag lawn signs in celebration of Canada Day on July 1!

The Seniors Award Ceremony held on June 9 in Markham-Unionville was an absolute delight! Congratulations to all the recipients for their exceptional contributions to the lives of individuals spanning across different generations.

I had a great discussion with four young and passionate representatives of the Ontario Medical Students Association regarding housing and homelessness in Ontario.

Stakeholders

It was wonderful to celebrate with the Fengcai Senior Activity Centre members who turned 80 years old or older. Congratulations on this incredible milestone!

I applaud the kind efforts made by Giant Steps Toronto to help the children gain new abilities and skills, overcome the challenges of autism, and feel respected and included in our community.

McHappy Day was a blast! 10% of the proceeds sold from all food and beverages were donated to the Markham Stouffville Hospital.

Congratulations to all teachers, students and alumni of the St. John XXIII Catholic Elementary School on your 50th anniversary!

A big shout out to the Singing School's team on their successful Mother's Day Fundraiser for SickKids Foundation!

Congratulations to the Sanatan Mandir Cultural Centre on receiving the Ontario Trillium Foundation Capital Grant!

Our Summer 2023 printed newsletter will be in the mail to most Markham-Unionville residents by the end of June. Look out for the photos that you were in with us!

At Queen's Park

Having heard repeated complaints from Markham-Unionville residents about the Notice of Security Interests registered on the titles of their property, I was glad that my motion to request the Ministry to investigate the issue, commonly known as liens, was passed by the House.

I was honoured to welcome a delegation from Lupus Ontario to the House on Lupus Awareness Day on May 10. Lupus Ontario has been doing an amazing job in raising awareness for those living with this disease.

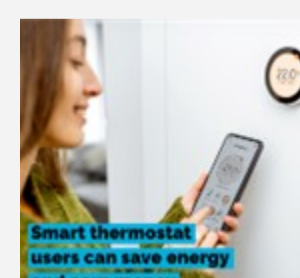

Provincial Updates

Professional Engineers Ontario is removing their requirement for Canadian Work Experience to help more internationally-trained engineers succeed in Ontario.

The provincial government is helping families and businesses save money and lower their electricity use.
