### Markham-Unionville

It's encouraging to see Enbridge Gas' innovative low carbon hydrogen project which supports a reliable, clean and sustainable energy future in Markham-Unionville and its neighboring communities.

What a great time at the Markham Christian Music Festival! We shared lively and beautiful music, and were touched by the love of community and the One who unites us together in fellowship.

I was honored to attend the Canadian Manufacturers & Exporters Roundtable at the GE Canada Office in Markham-Unionville. Let's make Ontario stronger by expanding manufacturing growth and export opportunities!

During my visit to Hong Fook Mental Health Association's Markham Branch, I learnt about their development in the community and their work to reduce the stigma around mental health.

I met and exchanged views with Ms Procenko and Mr Clare from Affordable Housing Markham on affordable housing matters. Our government is constantly working with partners across Ontario to build affordable and suitable homes for everyone.

### Stakeholders

Congratulations to Clean Air Partnership for their \$703,300 Grow Grant from the Ontario Trillium Foundation which has helped expand cycling programs and community bike hubs in the York region.

The Seniors Active Living Centres program funding to the Markham Seniors Activity Centre from the provincial government will help foster an uplifting environment for seniors to stay socially connected, active and healthy.

It's a joyful time at the Happy Life Senior Association's Summer Carnival where everyone in the community gathered together and enjoyed some splendid cultural performances.

Kudos to Millenium Bandstand for Thursday Nights for bringing wonderful music programs and joy to our neighborhood. Their commitment to reviving live music and fostering a vibrant community spirit is truly commendable.

### At Queen's Park

It's a blast meeting the university interns at the Hong Kong Economic and Trade Office in Toronto, their Director and her staff. I explained to them my role as an MPP, my work at the legislature representing people in Markham-Unionville and answered their questions about the Parliament.

### Provincial Updates

This government is following through on our commitment to parents by getting back to the basics of education, increasing school boards' accountability and empowering the voices of parents.

This government is investing \$44 million to reduce wait times in emergency departments across the province, helping people get faster access to care.

Learn about other funding opportunities available from the Government of Ontario [HERE](#).
